## June Release: New **bhworks** Features

June brought another **bhworks** software release. These changes include new features as well as enhancements to existing features. This month's release we focused on Case Management:

- Automated Task Emails
- Referral Messaging

- Case Note Amendments
- Tracking Staff Funding Source(s)
- Caseload, Notes, Tasks & Service Reports

**bhworks users:** Read more release details within the system's portal. Go to the Resources tab and "Release Notes."

Need training? Check out the **bhworks** 2-minute training videos posted on the portal's Resources tab.

## MOBILE CRISIS TEAMS IN CALIFORNIA'S SOLANO COUNTY HANDLE HIGH DEMAND

Solano County's Office of Education mobile crisis program has been meeting a "tsunami of need" for students with mental or behavioral health needs since it launched last fall. [READ the ARTICLE.](#)

## A SOLUTION TO YOUR TOP SUPPORT REQUEST QUESTION

Are you having trouble, after logging into the **bhworks** platform, selecting a location when setting up a participant? It's because you are beginning your work flow from the "participants tab" instead of beginning from the "referral tab."

Questions? Need help? Email [support@mdlogix.com](mailto:support@mdlogix.com)
